

RemoteCare

247

- Lets Caregiver Monitor Location
- See Power Status off Devices
- Send Voice Messages to Units
- See Comprehensive List of Allergies, Medications, Doctors and Directives
- ◆ Notification of calls
- ◆ Low Battery

The App was designed to help the caregiver support your loved ones. It will help you manage your lifestyle and their activities.

It is simple to set up and use. We developed this app to work on all of Anelto's Devices.
